

Travel and Development Grants Policy

Priorities for funding opportunities are as follows:

- Priority #1: funding to attend the annual NCAIR conference
- Priority #2: funding for Best Paper Award to present at AIR or SAIR annual conferences.
- Priority #3: funding to attend the annual NCAIR Summer Drive-In
- Priority #4: funding to present at the SAIR annual conference.

As indicated above, attendance at the NCAIR conference is the number one priority. Therefore, the budget cycle for this funding is from the NCAIR annual conference to the month before the next annual conference (e.g., March to February – assuming the annual conference is held in March).

Guidelines for NCAIR Awards (Priority #1)

Eligibility: Travel/development grants are available to both active members and newcomers (individuals who will become new members of NCAIR at the next annual conference). Upon review of the applications by the Travel/Development Grants Committee, a recommendation is made to the NCAIR Board of Directors who will approve the travel/development grant awards.

Amount of Grants: The amount awarded to each grant recipient will be based on the amount requested as well as the financial need of the requester, but will not exceed \$200. The grant can be used toward hotel and mileage. Conference registration fees will be waived for recipients.

Application Materials and Considerations: To be considered for the award, application materials must be submitted to the Travel Grant Committee. The deadline for grant application will be February 1. The following items must be submitted:

- Applicant's name and institution/organization of employment;
- A brief resume/curriculum vita;
- A statement of how receiving the grant will contribute to professional development, particularly with regard to current and future activity in NCAIR;

- A cover sheet that includes the title of the session and the name, title, institutional affiliation, phone number and e-mail of the presenter(s).
- A copy of a conference proposal as accepted by the SAIR annual meeting. Proposals may be for a research paper, concurrent session, general interest session, symposium, or any other formal presentation format. Papers receive priority, then panels. ***Please note: poster presentations and roundtables will not be considered.***
- One award per person – no double dipping is allowed.
- Priority #1 recipient(s) are eligible for Priority #2 or Priority #3.
- Priority #2 recipient(s) are NOT eligible for Priority #3.
- In order to facilitate a blind review process, please make sure that the proposal does not include any names of the presenter(s) or the name of your institution.
- A copy of the letter from the conference review board/committee accepting the proposal. In other words, only accepted presentations will be considered.
- If not already included in the conference proposal, please submit 300-500 words on the results of the research and the implications of this research for practice, future research, and/or theory.
